Knowledge about Students.

- ❖ To conduct educational work effectively, knowledge of the individual student as well as the class as a group, is very important. It is also vital to know the relationships between the group members.
- ❖ The mentor should make the mentee aware of that.

Methods of collecting information about students

- Pedagogical observation,
- Testing,
- Survey,
- Interview or conversation,
- Written assignment with the elements of autobiography,
- Role-play,
- Student's products (eg. drawings),
- Technique of stories or sentences completion,
- Analysis of activities (eg. extracurricular activities),
- Sociometric techniques.
